Players Returning From Junior Camps in September

It is the common goal of the Four Quadrants that each and every player has an opportunity to try out for Junior A and WHL teams. It is the expectation of the four Quadrants that the players who are not successful in making a Junior or WHL roster for the upcoming season, will be returned to the Home Association as soon as possible in September.

In no case will a player be accepted back into the Midget AAA program, in any of the four Quadrants, after **September 23rd** of the current playing season. The deadline date is the last day that the Quadrants can return players to the community stream and therefore after this date our rosters will be completed. Any player returned from Junior Camp(s) after **September 23rd**, may compete for a roster spot in the Junior B program.
