

How We'll Do It

We donate our monthly administration fee to Rec Hockey Calgary to assist them in keeping registration fees low and assist in paying for operating costs.

How much do they receive?

1. \$7.50 per month per new customer.
2. One family signing up with the LCEP amounts to \$90/ year per player.
3. An entire team on the LCEP creates the opportunity to raise more than \$1400 per year.

Have Any Questions?

Head over to leapenergy.ca to read more details about who we are and the electricity plan or feel free to give us a call at **+1-587-356-4955**.

Why Are We Doing It?

Two reasons:

1. Our children play hockey and we know the impact of rising costs on the affordability of playing hockey.
2. We aren't one of the BIG electricity companies with an endless marketing budget, so this allows us to get our name into the marketplace while doing something good for the community.

A Note About Fair Competition:

All customers are free to purchase natural gas services from the default supply provider or from a retailer of their choice and to purchase electricity services from the regulated rate provider or from a retailer of their choice. The delivery of natural gas and electricity to you is not affected by your choice. If you change who you purchase natural gas services or electricity services from, you will continue receiving natural gas and electricity from the distribution company in your service area. For a current list of retailers you may choose from, visit www.ucahelps.gov.ab.ca or call 310-4822 (toll free in Alberta).

How It Works

01

SIGN UP ONLINE

Go to leapenergy.ca/lcep to sign up for electricity services through the link provided on the page.

02

RECEIVE ELECTRICITY

At LEAP Energy's industry leading rates.

03

RAISE FUNDS

LEAP will donate each participant's monthly administration fee back to the Association.

LEAP COMMUNITY ELECTRICITY PLAN

**OUR GOAL:
KEEP
SPORTING
ACTIVITIES
AFFORDABLE
AND
ACCESSIBLE
TO YOUTH**

**MAKE NEXT
YEAR THE
MOST
AFFORDABLE
YET**

As parents of active children ourselves, we understand the costs associated with extra-curricular activities. Ice time, uniforms, referees and equipment costs continue to rise every year. To assist associations with these rising costs, we designed our Community Electricity Plan. Our thought: let people use a product they have to buy to benefit something they want to buy.
