UNIFORMS

The primary purpose of the uniform is to distinguish between players on opposing teams, and to identify individual players. This allows players, officials and spectators to follow and interpret the game correctly. For more information refer to Hockey Canada Official Playing Rules – 2.2 Players in Uniform, 3.6 Protective Equipment and 3.4(a) Skates.

Jerseys

The home team will wear light color jerseys and the visitor will wear dark color jerseys. If the colors of the teams conflict at the discretion of the Referee, the home team will be required to change.

Each jersey must have an individual number at least 10” in height on the back of jersey as well as a “STOP” or “RESPECT” symbol clearly visible above the number.

It is the responsibility of each Member Organization to provide jerseys for their teams as well as approve any deviation to their standard uniform such as a “Third” jersey design.

Players in Uniform

All players on the bench must be listed on the official game report, attired in the appropriate protective equipment and prepared to participate in the game.
