RULES GOVERNING COMMUNITY HOCKEY

1 Community Boundaries

Hockey Calgary will recognize Community boundaries as filed with the Federation of Calgary Communities. The Community Boundaries are available through the Hockey Calgary office and an approximate (unofficial) listing is available on our website at www.hockeycalgary.com.

2 Combined Communities

- (a) Communities wishing to go together to operate a hockey program must request permission to do so in writing, to the Hockey Calgary Executive Committee by April 15th. Communities wishing to make any changes to their existing amalgamation must also do so in writing by April 15th. All such requests granted will be for the current season only and in accordance with regulations set down by the Executive.
- (b) In order to receive approval for a new Amalgamation or changes to an existing Amalgamation the Association requesting the revision/change must have at least 40 players, (3 teams) of players eligible to play in Novice, Atom, Pee Wee and Bantam divisions.
- (c) It is recommended that where new subdivisions are constructed and where presently players residing in these subdivisions do not have an affiliation with a hockey program, Hockey Calgary approach the neighboring Association(s) and request that they accept players from these subdivisions until such time as adequate numbers exist to form their own Association.
- (d) Based upon the number of teams registered in a hockey Association Hockey Calgary will decide the formation and the time line for the establishment of new amalgamations.
- (e) The President shall have the authority to re-amalgamate Associations based upon the number of teams registered in a hockey Association. The affected Association must have clearly defined boundaries registered with Hockey Calgary. Requests for re-amalgamation must be submitted in writing and directed to the attention of the President.

3 Team Registration

- (a) The Coach and the Community Hockey Associations shall be held responsible for seeing that their players are the correct age and reside within the proper boundaries defined for their Association. Players not properly registered will be deemed to be ineligible players until the matter has been resolved.
- (b) Community teams are restricted to registering players who:
 - 1. Reside within their community boundaries as defined in Rules and Regulations 2.
 - 2. Have been properly released as defined in Community 9 and Community 10.
- (c) All Community teams in Timbits and Novice will be permitted to sign and dress up to 17 skaters.
- (d) All Community teams in Pee Wee and Atom may designate up to two goaltenders and will be permitted to sign and dress up to 17 skaters. Teams with one designated goaltender can have a maximum roster size of 18 registrants and teams with two designated goaltenders can have a maximum roster size of 19 registrants. Pee Wee or Atom teams not wanting to designate a goaltender will be permitted to sign and dress up to 17 registrants. The designating of a goaltender only applies for games played within Zone 9 for Atom and within the Province of Alberta for Pee Wee. Outside of Zone 9 for Atom or outside of the Province of Alberta for Pee Wee, goaltenders are not designated below the age category of Bantam.
- (e) Within Zone 9 for Atom or within the Province of Alberta for Pee Wee, teams that designate a goaltender can use a designated goaltender affiliation as per Rule Community 12 (d). Pee Wee and Atom teams that

do not designate a goaltender can only use players from their own team or affiliate team to play goal. Players who are designated as goaltenders cannot play in a game as a skater as per Hockey Canada Rule F-32. For League play in Zone 9, Hockey Canada Rule F-33 should read “below the age category of Atom” if a Pee Wee or Atom team designates a goaltender.

- (f) All Community teams in Bantam and Midget must designate at least one goaltender and will be permitted to sign and dress up to 17 skaters. Teams may designate a maximum of two goaltenders per team such that the maximum number of players registered on any Community Bantam or Midget team does not exceed 19.
- (g) All Community teams in Junior C must designate at least one goaltender and will be permitted to sign up to 19 skaters (it should be noted that only 17 skaters can dress for any given Hockey Canada, Hockey Alberta or Hockey Calgary Junior C game). Teams may designate a maximum of two goaltenders per team such that the maximum number of players registered on any Community Junior C team does not exceed 21.
- (h) Any team that fails to properly register prior to the team’s first scheduled league game shall lose 2 points, (up to a maximum of 6 points) for each game played without properly registering. The points will be deducted from that portion of the schedule following any seeding round.

4 Non-Body Checking

The age categories of Timbits, Novice and Atom will play in non-body checking divisions.

5 Player Acceleration

Underage players must be ranked in the top half of the top team in the higher category into which they are moving. Deviation from this policy for purposes of completing rosters for teams where player numbers are restricted must be approved by Hockey Calgary. Player acceleration is not recommended.

6 Players Per Team

Associations are required to ensure that all teams within an age category have an equal number of players per team (within 1 player). The recommended number of players per team is:

Timbits	16 players	Bantam	16 + 2
Novice	16 players	Midget	17 + 2
Atom	16 players	Junior C	19 + 2
Pee Wee	15 + 2		

7 Player Movement

No Timbits, Novice, Atom, Pee Wee or Bantam player may be released by his/her team after December 10th of the playing season.

8 Player Release

- (a) A Midget or Junior age player may be released by transfer to another team for which he/she is eligible to play up until January 10th. A player so released shall have his/her own Hockey Canada Registry profile (where applicable) forwarded to the Registrar along with the release from his/her previous team.
- (b) No player may be released by his/her team after January 10th.

- (c) A player not having registered with Hockey Calgary prior to January 10th may apply to Hockey Calgary through the President, for special permission to register with a local team providing the team with which he/she wishes to register does not have a full roster. Any player receiving such permission would not be eligible for participation in Provincials due to Hockey Canada restrictions.

9 Release Policy

- (a) Any player requesting a release from his/her Home (resident) Association must first apply to Hockey Calgary for approval. The Hockey Calgary Registrar will inform the applicant of the decision after consultation with all affected Associations. Release applications are available through the Hockey Calgary website.
- (b) Once a player is released by Hockey Calgary and his/her resident Association, in the second year of an age category, an application for release is not required in order to remain in the same Association as the player played in his/her first year of an age category. This will be controlled and administered through the Hockey Calgary office.
- (c) Once a player is released by Hockey Calgary and his/her resident Association, in subsequent years, an application for the next category can be submitted which may receive an automatic release to the next category. This will be controlled and administered through the Hockey Calgary office.
- (d) No player will be allowed to skate or try out in any hockey program until he/she has been properly released by Hockey Calgary as well as received any waivers, which may be required to allow him/her to play in the Association of his/her choice. The normal restrictions apply for signing a player who has signed with another team, either community or AA, for the current season.

10 Affiliated Teams

- (a) Each team may have affiliated with it only one team or up to 19 named players (with Hockey Calgary's approval) in a lower division or age category from within the Community. Players can only be affiliated to one team. In the cases where a lower division team is split to provide affiliates to not more than two higher division or category teams the players on the lower division or category team must be named (lists must be filed with Hockey Calgary) as to which team they are affiliated with. Exceptions to this rule are for players that play goal and designated goaltenders in the competitive divisions of Pee Wee, Bantam and Midget who want to affiliate to teams in the Recreational League as per Community Rule 11 (g).
- (b) A team having no lower division or category team to affiliate with may affiliate with a team of lower division or category in any adjacent Community providing this Community approves of the affiliation in writing.
- (c) All affiliations must be filed, in writing on an Official Affiliation Form with the Hockey Calgary office and approved prior to the affiliated player being allowed to participate, in any game, with the team to which he/she is affiliated. Affiliations will be accepted and approved by Hockey Calgary up to and including November 30th of the current playing season.

NOTE: all Association affiliations must be approved by Hockey Calgary prior to any player participating as an affiliate.

- (d) All affiliations shall terminate at the end of the current playing season.

Please note that there are no default affiliations for the current seasons. An affiliation list must be filed with Hockey Calgary prior to the first league game in the fall before any player can play as an affiliate or any team can use an affiliate player.

11 Eligibility for use of Affiliated Players

- (a) Affiliated players may be used in place of players registered on a team, subject to the maximum number limitations described below. Affiliated players may be used to replace injured players or players that will be

absent for any reason, but not, subject to the conditions as described below, to replace players suspended by Hockey Calgary.

- (b) A player who is neither a Canadian citizen nor a landed immigrant who is registered with Hockey Calgary is ineligible to participate as an affiliate player (Hockey Canada Rule Players F 5(d)(ii)).
- (c) The maximum number of players, including affiliate players, which will be allowed to be shown on any game sheet must not exceed the total number of players registered on the team. Teams can replace injured players and/or absent players with affiliated players to bring the team up to their roster size. The team roster size will be reduced by one for each player that is under a suspension imposed by Hockey Calgary for that game. This reduction in roster size will not be less than 13 skaters in body checking divisions, or 11 skaters in non-body checking divisions.
- (d) If a team's designated goaltender(s) is injured or ill, and the team's affiliated goaltenders are not able to play, another designated goaltender from the same or a lower division may be used. League Chairperson approval must be obtained. This rule only applies to the age categories of Bantam and older and to Pee Wee and Atom teams that have designated a goaltender on the Team Sheet at time of registration. This rule does not apply to the age Categories of Novice and Timbits or to Pee Wee and Atom teams that have not designated a goaltender on the Team sheet at time of registration.
- (e) Timbits teams can have teams or players affiliated to them, however, affiliates can only play for their affiliated team within Zone 9. If a Timbits (Initiation) team plays an exhibition game or in a tournament outside Zone 9, they cannot take affiliate players. If a Coach of a Timbits Team plays an affiliated player outside Zone 9, he/she will be deemed to have used an ineligible player and may be subject to the sanctions of using such a player. Affiliation from Timbits to Novice is not permitted.
- (f) For the purposes of affiliation in Novice the following conditions will apply within and outside of Zone 9:
 1. A Novice team can only use an affiliated player to bring their Team roster for a particular game up to a maximum of 11 skaters (12 players including the goaltender).
 2. When an affiliate player is added to the game sheet in league play the maximum number of players permitted on the game sheet will be 11 skaters and 1 goaltender.
 3. Community 12(c) does not apply for Novice affiliation.
 4. A Novice aged player can only be used as an affiliate player on a Novice team to a maximum of 5 games beginning with the first scheduled league game (excluding exhibition and tournaments)
 5. Any game sheet that shows an affiliate with over 11 skaters will be deemed to have used an ineligible player and subject to the sanctions of using such a player.
- (g) Players who play within the Recreational League cannot affiliate to or play for teams within the competitive divisions (this includes Community Pee Wee, Bantam, Midget and Junior C, and Bantam AAA, Minor Midget AAA, Midget AA, Midget AAA, Junior B, High School Hockey and Female Divisions).
- (h) Players who play goal or designated goaltenders within the competitive divisions of Pee Wee, Bantam and Midget can affiliate with the permission of Hockey Calgary for the purposes of playing goal within the Recreational League. The maximum number of games that a player or designated goaltender plays goal within the Recreational League is unrestricted if enough goaltenders are not available within the Recreational League. Players who play goal and designated goaltenders from teams within the competitive divisions who affiliated to the Recreational League for the purposes of playing goal within the Recreational League can also affiliate to one team within the competitive division as per the normal affiliation procedures set out in Community Rules 12 and 13.

12 Procedure for use of Affiliated Players

- (a) A player of a team of lower division may play any number of games for a team of higher division prior to January 10th, but may not play more than 5 games with the higher division club after January 10th (see

Hockey Canada Regulations, E 35-39). Community players who play in a sixth (6th) game as an affiliate will be deemed to be an ineligible player and will not be eligible to play for any team (including the one on which they were originally registered) for the balance of the season. Under special circumstances, permission may be granted by Hockey Calgary allowing a Community player to remain with the team in the higher division, however this must occur prior to the fifth (5th) game being played. Teams and coaches using an ineligible player(s) will be subject to the sanctions as described in Rule Community 14 and as set out by the Hockey Canada and Hockey Alberta. The exceptions to this Rule are set out in Community 12 (e) for Timbits aged players, Community 12 (f) for Novice aged players and Community 12(g and h), with the permission of Hockey Calgary, for players within the Recreational League.

- (b) Games are defined for the use of affiliates as Hockey Calgary scheduled league games, the first game of Minor Hockey Week (the second and subsequent games during Minor Hockey week do not count in the total for use of affiliates), playoff games, and Provincial Playoff games (see Community 13 (f)). Exhibition and Tournament games do not count in the total for the use of affiliates.
- (c) When a higher division club uses an affiliated player they must signify same in writing (a\p or AP) after the player's name on the game sheet.
- (d) When using an affiliate player, the higher team must obtain the permission of the lower team and have the sanction of the League Chairperson indicated on the game sheet on which the affiliated player's name appears. Failure to obtain permission to use the affiliate player or to obtain the sanction of the League Chairperson may result in the loss of 2 game points and the Coach of the higher team receiving a one game suspension.
- (e) Players not registered with Hockey Calgary will at no time be allowed to play as an affiliate player.
- (f) Before affiliate players can be brought up and used for tournament play, the parent of the player being replaced must complete a form to be attached to the game sheet indicating they are aware of the tournament and that the replaced player is not able to attend.

13 Ineligible Players

- (a) An ineligible player may be classified as, but not restricted to, the following:
 1. A player who is improperly registered with Hockey Calgary. It is the Association's and individual team's responsibility, to make certain that all players are properly registered.
 2. A suspended player.
 3. A player who has not been properly released as per the release policy and procedures of Hockey Calgary.
 4. A player deemed to be ineligible as defined under the rules of Hockey Calgary.
- (b) A Coach or Manager who plays an ineligible player will be immediately suspended until his/her case has been dealt with by Hockey Calgary. If any team official, executive member of a team or of an association has knowledge of, or adds an unregistered or ineligible players name to the game sheet, or misrepresents a coach or trainer as being Certified, they shall be suspended for a period of not less than three years from playing or holding office with any team, club or association. For a team or their Hockey Association to invoke this rule, they must utilize the protest procedures outlined in Community 24.
- (c) All games played using an ineligible player may be forfeited.
- (d) If a Coach or Manager asks to examine an opposing team's HCR Team Sheet prior to completion of the game and they are not at hand, they must be produced before the end of the game. Failure to do so could mean forfeiture of the game.

 - a) At the first stoppage of play after time reaches 5 minutes left on the permit, the timekeeper will notify the referee.
 - b) At this stoppage of play the clock will be reset to 2 minutes and the remainder of the game completed with stop time.

16 Schedule Changes

- (a) Coaches, managers or Hockey Associations may not reschedule games. Only under exceptional circumstances (participation in tournaments, exhibition games or fund raisers do not qualify) can application be made to Hockey Calgary in writing, for permission to have Hockey Calgary reschedule a game. It should be noted that games could only be rescheduled with the approval of the Category Director, President or Chairperson of the Hockey Committee and the Hockey Calgary office. Failure to comply will result in a loss of the two points to the offending team(s). In addition, the coach(s) will face further

disciplinary action(s) including a minimum six game suspension or a possible suspension of up to one year. The loss of points will be deducted from that portion of the schedule following any seeding round. All league games must be played as scheduled unless authorized by Hockey Calgary.

- (c) Each team shall have in their player's box a responsible person not in uniform (no more than five) to coach and look after and take responsibility for the team during the game. Failure to provide this responsible person could result in an automatic forfeiture of the game. Rule 9.2 of the Hockey Canada Rule Book must be rigidly adhered to. This rule states: Team officials shall be responsible for their conduct and that of their players at all times. They must endeavor to prevent disorderly conduct before, during or after the game, on or off the ice and any place in the rink.

Failure to comply with this supervision may result in the suspension of the head coach for a period of at least one game. Any adult found complicit with any undesirable activity will be suspended for a period of at least one year. This applies within all five streams of Hockey Calgary sanctioned hockey with the exception of Junior 'B' and Junior 'C'.

- (b) All teams registered in Zone 9 will participate in the Timbits program and will follow the rules set out by the Timbits Development Committee. The Timbits Program encourages an environment in which children can learn the basic skills without the distractions that are often associated with an over emphasis on winning.

19 Novice Development League

All teams registered in Zone 9 will participate in the Novice Development League and will follow the rules set out by Hockey Calgary. The NDL is a structured program for parents, players, coaches and officials for development and education.

The Novice Age Category will have the following special rules:

- a) All teams must adhere to the new Novice Development League format.
- b) All teams must wear sponsorship jerseys for all Games played.
- c) All positions must be rotated equitably as possible throughout the season.
- d) There is to be no assigning of goaltenders, this position must be rotated.
- e) There is to be no pulling of goaltenders during the course of any game play.

It is the responsibility of the Coach and every team official to ensure these special rules are followed throughout the season. In the event these rules are not being followed, it will result in the coach being automatically suspended indefinitely until the matter is ruled on by the Director of Novice for Hockey Calgary or depending on the severity the Special Committee of Hockey Calgary.

20 End of Game Responsibilities

- (a) At the completion of each hockey game teams should participate in a post game handshake followed by the visiting team exiting the ice surface first. In games where the referee determines that a post game handshake will not be used the home team must stay on the ice at their box until the visiting team is off the ice.
- (b) The winning team (home team in the event of a tie) will be responsible for informing the League Chairperson/Coordinator the score of the game and any incidents written on the game sheet by the referee. The coach or manager must inform the League Chairperson/Coordinator either in person or via a telephone call within 24 hours after the game is completed. The game sheet must be sent to the League Chairperson/Coordinator within 24 hours after the game is completed. Failure to inform the League Chairperson/Coordinator following the game or send in the game sheets on time, may result in the coach being suspended or the loss of points from the game.

21 Score Sheets

- (a) Score sheets for all exhibition, league, tournament, Minor Hockey Week or playoff games must be forwarded within 48 hours following the game, to the appropriate League Chairperson.
- (b) League score sheets are to be forwarded to the League Chairperson by the winning team, or the home team in the case of a tie.
- (c) Only referees are allowed to write reports on the score sheet, along with the two linesmen.
- (d) First and last names must be clearly legible in the team line up.

22 Playoffs

- (a) During playoffs the Executive Committee shall appoint a Chairman who will have special powers to deal with protests, complaints or additional games to be played. Forfeiture of any game in a playoff series may mean forfeiture of the complete series.
- (b) Novice age category will not have Playoffs at the end of the regular season.
- (c) All teams in each division of Community Atom, Pee Wee, Bantam, Midget and Junior C will enter playoffs and will be seeded based on the final league standings (point total).
- (d) In cases where two or more teams are tied in points, the tie will be broken as follows and in the order indicated:
 - 1. If the tied teams have played each other an equal number of times league positions are assigned based on results of games between the tied teams. The team with the highest number of points in the games between the tied teams takes the top available position and so on until all available positions have been filled. If the tied teams have not played each other an equal number of times or if teams are still tied then:
 - 2. Tied teams are assigned league positions based on number of wins, with the largest number of wins taking top available ranking, and so on.
 - 3. For teams which are still tied, league positions will be assigned based on the ratio of goals for divided by goals against for all league games played, with largest ratio taking top available position and so on.
 - 4. If teams remain tied, Hockey Calgary will resolve the final positions. This will be done by scheduling games, where possible, or by resorting to coin toss, at the discretion of Hockey Calgary, after taking into account the number of tied teams and the timing of playoff games.
- (e) Playoffs will consist of a double knockout format (i.e. a team must lose twice to be eliminated).
- (f) Every attempt will be made to not allow Playoff games to end in a tie. Should the teams be tied at the end of regulation time, a sudden victory overtime period will be played. If a goal is scored during an overtime period the team scoring the goal will win the game.

23 Playoffs-Overtime

- (a) To commence overtime, each team will place five players (For example, in the first overtime each team is permitted 5 players – this may be 5 skaters and no goaltender or 4 skaters and a goaltender. The goaltender may be replaced by a skater at any time.) The teams will not change ends for the overtime period, and the time clock will be set for two minutes. All overtime periods will be stop time. Teams may change on the fly at any time.
- (b) At the end of each two minute increment, the horn will sound and both teams will remove one player from the ice. - (f) A player or team official that has been suspended will be notified in writing by the League Coordinator or AA Council Chairman (other than automatic Minimum Suspensions which are outlined in this manual and must be followed). In the event of a suspended player playing, the game will be forfeited to the non-offending team and the coach shall be suspended indefinitely, until the matter is ruled on by the AA Council.

26 Appeal of Suspensions

The appeal of a suspension shall be filed in writing by the President (or his/her designate) of the appellants Association to the AA Council Chairman. The hearing shall be heard, if possible, before the next scheduled league game of either of the two teams involved.

28 Playoff Overtime Rules

Playoffs will consist of a Double-Knockout tournament format. Regulation time for all games may not exceed the scheduled permit time. Should the teams be tied at the end of regulation, a sudden victory overtime will be played. The following is a "condensed" version of the special rules for overtime.

OVERTIME

- The number of players permitted on the ice (outlined below in Overtime Format) includes the goaltender. For example, in the first overtime each team is permitted 5 players – this may be 5 skaters and no goaltender or 4 skaters and a goaltender. The goaltender may be replaced by a skater at any time.
- All overtime periods will be stop time and will begin with face-off at center ice
- Teams will not change ends
- Penalties incurred in regulation and not completely served will carry forward into overtime with the player serving the remainder of the time in the penalty box and his/her team commencing overtime short handed
- An AA Council official has the authority to stop or extend overtime depending on the availability of ice.

Overtime Format:

1. Clock set for 5 minutes – each team permitted 5 players, one of which may be a goaltender
2. If still tied, clock set for 5 minutes – each team permitted 4 players, one of which may be a goaltender
3. If still tied and/or the overtime permit time has expired, the game will end and be declared a tie.
4. Hockey Calgary will schedule an additional game

Penalties in Overtime:

- "Time" penalties are defined as 2 or 5 minute penalties that would result in the offending team being short-handed
- Players who have been assessed a time penalty in overtime will not serve the time duration of their penalty, instead a penalty shot shall be awarded.

- Misconduct penalties will either be served in the penalty box (10 minute misconduct) or the player will leave the ice (game or gross misconduct)
- Any player ejected from a play-off game at any time is not eligible to participate in overtime or the "Overtime Game" if required.
- Penalty shots will be taken by the fouled player unless he/she is unable due to injury or cannot be identified – then any eligible player may take the penalty shot
 1. If a time penalty is called a penalty shot will be awarded to the non offending team for each time penalty called
 2. If both teams are called for a time penalty at the same stop in play both teams will be awarded a penalty shot with the Home team shooting first
 3. If multiple time penalties are called on both teams the teams will shoot one shot each until all time penalties have been accounted for with the Home team shooting first.

29 Structure

AA will operate as a council of Hockey Calgary in accordance with Bylaw 26.

As neutral off ice officials assisting the referee in proper conduct of the game they are significant contributors to the management of the game. Should their behavior warrant disciplinary action they may be relieved of their duties by the referee or other Hockey Calgary official.

16 End of Game Etiquette

At the completion of each hockey game High School Teams can participate in a post game handshake followed by the visiting team exiting the ice surface first. In games where a post game handshake is not used the home team must stay on the ice at their box until the visiting team is off the ice.

17 Team Management

- a) Each High School Team shall have in their player's box a responsible person not in uniform (no more than 5) to coach and look after and take responsibility for the team during the game (see HSH Rule 22). - a) All High School Team players and coaching staff will be subject to the same suspension process and Rules that apply to all other teams registered with Hockey Calgary. However, given that a High School Team is only permitted to play against other sanctioned Hockey Canada teams in sanctioned games. Suspensions will apply to sanctioned games as if they were league games pursuant to Hockey Alberta Rule 13.2 (Minor Hockey Suspension Procedures) and in particular Rule 13.2.4.

- c) All games set up by a High School Team will be registered with Hockey Calgary as Hockey Calgary “sanctioned” games such that if a player receives a suspension the next registered or “sanctioned” game(s) would be used as a suspended game.

24 Purpose and Intent

It is recognized that as High Schools expand their hockey programs, these regulations may need to be revised from time to time to assure fair and equitable treatment for all Hockey Calgary registered players. These Regulations are intended to treat, each High School, within the jurisdiction of Hockey Calgary as equitably as possible. Each High School must organize its hockey program in a manner, which is not inconsistent with these Rules.

25 Structure

High School Hockey will operate as a council of Hockey Calgary in accordance with Bylaw 26.

RULES GOVERNING RECREATIONAL HOCKEY

1 Game Format

The game format for all Divisions will be the same as it is for all Minor Hockey. In a one hour ice permit, that means:

- 3 minute warm-up
- 3 periods of stop time: 12; 15; 15 minutes
- The game may NOT run over the permit time. At the first stoppage of play with less than 5 minutes left in the permit time, re-set the clock to 2 minutes. Please note that your players are not “losing time” when this happens. They still have the benefit of a one-hour ice slot. However, in games with any significant amount of scoring, penalties, or injuries, it is not uncommon to have to take time off the clock in the third period.
- If we do receive any ice slots which are one hour and 15 minutes (which has happened in the past in junior divisions), then do 3 periods of stop time: 15; 15; 15 minutes

2 Penalties

Penalty times will be the same as in all Minor Hockey: minors are 2 minutes; majors are 5 minutes (and ALWAYS result in the player being ejected from the game); misconducts are 10 minutes. However, we do have different rules if we are playing “4 on 4”. These are shown at the end of this schedule.

Players receiving 3 penalties of any type in any game will be immediately ejected from the game. The game sheet will note the player and this event as a “Game Ejection” with the time.

Players receiving misconduct penalties in the final minutes of a game, who are unable to serve their full time, will have the time carried over to the next game they play. The game sheet for the next game shall note the completion of the penalty.

3 Affiliate Players

In Recreational Hockey, an “Affiliate Player” is any other player who is registered in Recreational Hockey in the same age bracket or in a younger age bracket. You MAY NOT use a player who is registered in conventional Minor Hockey, except for a goaltender. A goaltender of the same age bracket that is playing in conventional Minor Hockey may play for a Recreational Team. We do expect coaches to be reasonable in using this rule. The preferred affiliate goaltender is another goaltender in Recreational Hockey, and we do not expect a coach to (for example) use an AAA goaltender as an affiliate!

Affiliate Players may be used only when a team has fewer than 10 skaters. Affiliate Players shall be identified on the game sheet with “A/P” following their name. Affiliate Goalies may be used any time the assigned Goalie is absent.

With the agreement of the Referees, team may “loan” their opponent a player or two when one team has a full bench and the other is short. The referee has the final say in this regard.

Teams may also choose to play “4 on 4” by agreement of the Coaches involved. The short team must have eight (or fewer than eight) skaters. The Referees are not obligated to agree to this type of play. See penalty Guidelines – “4 on 4” Games for handling of penalties in this situation.

Affiliate players may only play a maximum of 5 times for another team.

When a team is short a Goaltender, the teams shall share playing time of the playing Goaltender on an equal basis. A shooter-tutor may also be used.

4 Affiliate Exception: Minor Hockey Week and End of Year Tournament

During Minor Hockey Week, the only affiliate you may use is a goaltender and he or she must be from another Rec. team. There are absolutely no exceptions to this rule. Minor Hockey Week is a tournament, and we want the winning team to be the best team, not the team with the most aggressive recruitment policy. Violation of this rule will result in the offending team forfeiting any victory obtained while using the ineligible player(s). This rule applies as well to our end of year tournament.

5 Penalty Guidelines - "4 on 4" Games

1. Regardless of the number of penalties assessed, no team shall play with fewer than 3 skaters plus a goaltender on the ice.
2. If there are multiple penalties at the same time, all of the penalized players shall go to the penalty box at once.
3. In multiple penalty situations, first determine the manpower difference without regard to the number of players on the ice. For example: "The home team is 2 men shorter than the visiting team."
4. If one of the teams is to be two men short, the other team is to place one additional skater on the ice so that the manpower difference is 5 skaters on 3 skaters. If no other penalties intervene, play shall continue until both teams are again skating 5 on 5. At the next stoppage of play, each team shall remove one player from the ice and the teams shall return to 4 on 4.
5. If additional penalties do intervene, the newly penalized player must go to the penalty box at once, but the start of his penalty must be delayed until the penalty to one of his team-mates has expired (whether by passage of time or by a power play goal). At that time his penalty starts to run. In this case, the team with the manpower advantage would still have 5 skaters on the ice for as long as the other team is 2 men short.
6. Normal rules apply concerning a team's ability to pull its goaltender.

All other rules of Community Hockey apply, but note that our Discipline Policy is stricter than Community Hockey.

6 Discipline Policy Governing Recreational Hockey

INTRODUCTION:

The Recreational Hockey league was initially created to allow players to stay in the game of hockey by playing in a non-aggressive, non-body checking, non-developmental, and less competitive environment. We understand that hockey is a sport that stirs strong emotions in Canadians, and that the "non-aggressive" and "less competitive" aspects of Recreational Hockey present challenges to some players, coaches, and parents. It is the role of each participant to set the appropriate tone for acceptable behavior in the league.

NOTE ON BODY-CHECKING:

This League does not permit body checking. "Body checking" is not the same as "body contact." A penalty will be assessed any player who intentionally body checks, bumps, shoves, or pushes any opposing player. When the attacking (offensive) player is skating toward the defending player, the defending player may not hit the attacking player by going in the opposite direction to that player. There must be no action where the attacking player is pushed, checked, or shoved into the boards. It is permissible if body contact is caused as a result of the movement of the attacking player into the defending player. A defending player is permitted to "close off the gap" between the attacking player and the boards. A defending player does not have to move so as to get out of the path of the attacking player. Where, in the opinion of the Referee, accidental contact has taken place, no penalty shall be assessed.

SUSPENSION GUIDELINES:

Those who have participated in this league in the past may be accustomed to categories of penalties (Tier 1 and Tier 2). For the upcoming season, we have eliminated that distinction. Players accumulating the following penalty totals will be suspended as shown. All suspensions that are not fully served in this season will carry forward into the next season.

· Any major penalty:	2 games
· Any match penalty:	5 games
· First fighting major:	3 games
· Second fighting major:	Balance of the season
· Any 3 penalties in one game:	Ejection from the game
· Total of 10 penalties in season:	Suspended for one game
· Total of 20 penalties in season:	Suspended for two games
· Total of 25 penalties in season:	Reviewed by Division Coordinator

In addition, Hockey Calgary has suspension guidelines which may apply in specific situations. For example, a minor penalty for checking from behind will result in a minimum of a one game suspension. Other suspensions are imposed for violations of the following rules: match penalty for deliberate injury; deliberate attempt to injure; head butting; kicking; butt ending; spearing.

A game misconduct in the last 10 minutes of a game will result in a one game suspension. A 10 minute misconduct in the last 10 minutes of a game will be reviewed by the Division Coordinator and will normally require the player to serve the unexpired portion of the 10 minutes by sitting in the penalty box at the start of the player's next game.

GUIDING PRINCIPLE:

We expect coaches and parents to monitor the play of their teams, and to be proactive at curbing aggressive play. Division Coordinators have the authority to alter or issue suspensions on an individual basis. Division Coordinators and the Board also have the right to issue suspensions or remove players or spectators based on an unusually high amount of total penalties or exceptional deviation from the spirit of Recreational Hockey.

7 Structure

Recreational Hockey will operate as a council of Hockey Calgary in accordance with Bylaw 26.

HOCKEY CALGARY

FAIR PLAY CODE POLICY FOR COACHES

The fair play codes are set out in Hockey Canada's booklet *Safety Requires Teamwork – An information guide to Hockey Canada's Risk Management and National Insurance Programs*. The fair play codes are a set of guidelines for players, coaches, parents, officials, spectators and league organizers set out to promote positive hockey experiences. Fair play is important from a developmental perspective as well as from a risk management perspective.

It is the policy of the Hockey Calgary that the Fair Play Codes be followed by all member associations affiliated with Hockey Calgary including AA, Community, Girls Hockey, Recreational Hockey and High School Hockey.

For the most part the fair play codes are clear. However, for coaches there is a provision, which states, "I will ensure that all players get equal instruction, support and playing time." The use of the term "equal" is generally understood. However, there is a tendency among a small minority to mis-interpret the term "equal" with "earned" or "fair" which allows for entirely different interpretations of the intentions of the fair play codes. Some individuals will acknowledge that the fair play codes apply and then claim you can shorten the bench in the last five minutes of a game, in a tight situation or in playoffs. Allowing variances in the interpretation of fair play only increases a broader degree of confusion for the rules of minor hockey.

Fair play is intended to allow all players an equal opportunity to develop their skills in Hockey. Development occurs in both practice and game situations. And within the game itself, there are different situations where each player should be afforded the opportunity to develop his or her skills, whether it is power play, penalty kill, playoffs or tournaments.

The following policy respecting ice time is intended to ensure a consistent application of the fair play codes throughout the Hockey Calgary network with an emphasis to ensure all players are provided equal opportunity to develop his or her hockey skills in every game situation. The policy applies to AA Hockey, Community Hockey, Girls Hockey, Recreational Hockey and High School Hockey.

FAIR PLAY POLICY RELATING TO COACHES

The head coach is responsible for allocating more or less playing time to individual athlete members in any particular game but should ensure that over two to three games the playing time per athlete member is relatively equal. This includes all games and practices, home or away, exhibition, regular season, playoff or tournament. This policy applies to all levels of hockey administered under Hockey Calgary including AA Hockey, Community Hockey, Girls Hockey, Recreational Hockey and High School Hockey.

The following policies should be reviewed and followed by all coaches and the principals of fair play openly communicated by all Member Organizations and Hockey Calgary to its members and directors.

Goalies

A regular rotation for goalies should be strived for throughout the hockey season that will result in an equal number of games played by each team goalie. The rotation is subject to changes in the event of injuries or sickness.

A one game rotation of goalies should occur during all playoff, Minor Hockey Week, exhibition and Tournament Play.

Players

A regular rotation of players should be strived for at their playing position throughout a game including power play and penalty killing, noting that the game includes the last five minutes and overtime. Each team should designate playing positions; defense, left wing, right wing, centre and no team should have a dis-proportionate number of designated

forwards for a game (i.e. if there are five left wingers and three right wingers, one of the left wingers should become a right winger). If there are ten forwards and five defencemen, then one of the forwards should play defence.

For those coaches wishing to utilize a special teams unit for either power play or penalty killing, those coaches, as a tool for themselves, should establish a listing (Special Teams Log) of their designated units for each five game (or shorter) rotation. Such listing to show each player receiving an equal participation on those designated units. It is recommended that those listings be kept by the coach for the duration of the season.

Coaches choosing not to maintain a Special Teams Log should not utilize a separate power play or penalty killing unit for games. The power plays or penalty killing lines should simply be the next line in the regular rotation.

Junior B & C Team Rosters

Junior B or C teams with rosters in excess of the maximum allowable playing positions should establish a rotation of players that will be required to sit out of the line-up in those situations where healthy scratches are required. The rotation should result in all players taking a turn as a healthy scratch if a sufficient number of healthy scratches are required.

Affiliates

Teams are encouraged to bring up affiliated goalies in order to ensure the team has a back-up goalie for each game. It is the coach's discretion as to whether an affiliate goalie plays or not, however, in extended situations where an affiliate is required, the regular team goalie should not receive less game time than what the regular rotation would have provided.

If a team chooses to bring up an affiliate it is recommended teams do not bring up affiliated defencemen that would provide a contingent greater than six for each game or affiliated forwards that would provide a contingent greater than nine forwards for each game.

Teams must recognize Hockey Calgary rules restricting the number of affiliations and not increase the team size to greater than the team roster.

Player Discipline

Coaches should use discretion to sit a player for the first period, or portion thereof, of a game in the event a player has developed a habit of missing practices within a set reasonable limit or arriving late for games. The requirements to sit a player should be documented and if repeated occurrences are considered necessary, the reasons should be reported to league administrators.

Coaches should have the discretion to sit a player for a period, or portion thereof, for objectionable conduct of the player (Swearing, inappropriate hits).

All coaches wishing to implement "team rules" should submit those "team rules" to their member association for approval by the Director responsible for hockey operations. "Team Rules" should be reasonable and respect the varying needs of all players.

Fair Play Discipline

Every Hockey Calgary Member Organization should have a Director responsible for games and conduct. All parent's or player's that feel that the fair play codes for their team is not been adhered to are encouraged to discuss their concerns with the coach on a private basis.

Should the concerns of the parent or player not be addressed or satisfied then the parent or player should feel comfortable reporting such non-compliance to the Director responsible for Game and Conduct for their Member Organization.

Each Member Organization should establish internal policies and procedures to ensure full compliance with the fair play policy by all coaches.

Only after an individual has exhausted all avenues of appeal within their Member Organization should that individual raise such issues with Hockey Calgary.

Coaches found not to be compliant with the fair play policy will receive a warning for the first offence.

Coaches found not to be compliant on a second occasion will receive a one game suspension.

Coaches found not to be compliant on a third occasion will receive a three game suspension.

Coaches found not to be compliant on a fourth occasion do not share the core values of the Hockey Calgary and will receive an indefinite suspension from coaching minor hockey in Calgary until a hearing has determined otherwise.
