# KIDS helping kids

## This season, everyone wins!

Hockey Kids Helping Kids is back, brought to you by Hockey Calgary and the Calgary Flames Foundation in support of the Alberta Children's Hospital Foundation!

### Teamwork = dreamwork!

In keeping with Hockey Calgary's core values, Hockey Kids Helping Kids is your team's chance to show teamwork and leadership off the ice by supporting the 100,000 kids and families who rely on the Alberta Children's Hospital every year. Your efforts will fund state-of-the-art equipment, family-centred care programs and innovative research – ensuring kids receive the best care possible when they need it most.

The Springbank Rockies U13-4 Green worked hard last season to become the top fundraising team and had a blast at the Flames practice!

### All donations MATCHED! Fundraising deadline is March 9!

This year, Keith and Sharon Boonstra are generously MATCHING all donations raised by teams, up to a maximum \$25,000! If 100 teams raise just \$250 each, that's \$50,000 to support new technology, programs and research at the Alberta Children's Hospital.
