Child Management

Information entered here is very important to ensure you are given proper credit for completing this program. This is achieved by connecting your certification number to your child's hockey profile. Please enter all your children who currently play hockey. You may return here to add children in the future. Please ensure the first name, last name and date of birth are entered in the same fashion as they have been provided to the minor hockey association. Enter your child's information and then select Add This Child. Repeat this process until all registered children have been added. Once all registered children have been added, select "No Further Children to Add".
