## OVERVIEW

The **Flames Community House Hockey League** is a partnership between the Calgary Flames Foundation, the Calgary Flames, Hockey Calgary, and its member associations. The goal is to provide recreational players the opportunity to play organized hockey that is; **affordable, fun and safe**, with **moderate, consistent**, time/location commitments; allowing for participation in other social, academic or recreational activities. It also provides players who have limited skills and knowledge, an introduction to the game in a less intimidating format. The program is regionally based, offering participants a chance to play the great game of hockey, with less time and travel commitments.

The Calgary Flames Foundation continue to sponsor House League hockey by providing game jerseys and socks. The Flames jerseys will be provided in a variety of colors and will provide the House League with their own identity within the Hockey Calgary program. Jerseys have been provided on a 2-year rotation.

# GAMEPLAY GUIDELINES

## U9

### GAME PLAY GUIDELINES/RULES

Two U9 games to happen simultaneously on each half with approximately 8-10 players on per team per half (~32-40 players on the full ice surface)

In instances when there is less than 32 players on the full ice surface, 1 half can be used for game play and the other half can be used as a practice surface for players to rotate through during the game session (Please see Appendix II).

- 4 vs. 4 format – each mini-team with 1 goaltender
- ½ ice game will be played from the goal line (at one end), to the center line
- Two face-offs during the game - one to start the game, and one to start the second half
- No official score will be posted
- No off-sides, No icing
- **Blue Pucks**
- The main score clock is used as the **time keeping device** for both games simultaneously
- No officials, coaches will be used
- **A maximum of 1 coach per mini-team will be permitted on each bench.** (subject to change to comply with distancing requirements)
- Shifts will be 1.5 minutes (90 seconds) in length.
- When the buzzer/whistle sounds, players must relinquish control of the puck immediately and vacate the ice. The new players enter onto the ice surface immediately. No faceoff.
- **Tag Up Rule:** If there are fewer than 4 players on the bench, the active player designated to stay out for the following shift must tag up at the bench. **This is enforced by the coaches, not the officials.**

### LENGTH OF GAME

- **60 Minute Ice Slot**
  - 3 Mins. - Warm Up
  - 24 Mins. – Period #1 (30 min if ice slot is 75 minutes)
  - 3 Mins. – Rest/Change Ends
  - 24 Mins. – Period #2 (30 min if ice slot is 75 minutes)
  - 3 Mins. – Shake Hands/Move Bumpers

### BOARDS/BUMPER SET-UP

- Teams will warm up at one end of rink ‘with their own team’, when it comes time to start play the coaches will assign ½ of their team and 2 coaches to the other end to begin the game play
- Set up/flood transition/tear down of boards is the responsibility of the coaches, not referees or arena staff (unless otherwise indicated)
- Set up/flood transition/tear down or bumpers **will require 3-4 coaches**
- **2 coaches from the home team and 1 coach from the away team** will be responsible
- **Certified and registered coaches** will be the only personnel permitted on the ice for board handling
- Please consult with rink staff for bumper/board set up as some rinks have made accommodations to have their staff set up boards
- **Coaches will be required to wear helmets when handling boards on the ice (skates are recommended)**

## LINE SELECTION

- Coaches are required to balance their lines (players at each end), so they are as close to equal as possible
- You are **NOT** permitted to put your top players at one end, and your weaker players at the other end.
- It is the expectation of HC and the member Association that the lines (players at each end) will change each game, and that the same players are not always playing together

## CHANGE OF POSSESSION

- Goaltender freezes the puck – Puck shot out of play – Goal is scored
- the official signals to the attacking team to back off 3 meters and defending/non-offending/conceding team gets possession
- Penalty (see below)

## PENALTIES

- Penalties can be called by coach officials, however, players will not serve a traditional penalty in the box. The coach will raise their arm and blow the whistle **immediately** signaling a penalty has been called. The official will conduct a change in possession and signal to the offending team to back off 3 meters
  - **The infracting player will miss their next shift – Coaches will monitor this**
  - **Play continues at even strength**

## INJURY TIMEOUTS

- The game clock is being utilized to run games at both ends of the arena, therefore when there is an injury timeout at 1 end the game clock will continue to run. This is the only time the game will not be continuous.

## GOALTENDER ROTATION (APPENDIX II)

- The coach/manager is required to set up a goaltender rotation
- All players are to be given the opportunity to play goal
- If a player does not wish to play goal they must follow the rules on the goaltender rotation form
- There is no pulling of goaltenders permitted to allow for an additional skater

## GAME FORMAT GRID (LESS THAN FULL ROSTERS)

- From time to time throughout the season, we can expect less than full rosters to be available at specific games. This is not ideal, and will come with very little notice, but the games must go on. When both teams have similar sized rosters this will not pose a problem, the challenge will be when 1 team has a full roster and the other is significantly reduced. HC has devised a grid for coaches to follow should these situations arise (**See appendix III**)

While 'Cohort' coaches are part of the cohort and do not need to physically distance, distancing is recommended wherever possible.

### When participating via Physical Distancing ('Physically Distanced' coaches):

Team officials must maintain two-metre physical distancing from all other participants. Additionally, they must wear masks within the dressing room and on the bench but can remove them while coaching on the ice.

## Coach Referees

- Coaches will be required to 'officiate' or manage the game.
- Minimum requirements
  - U9 – a minimum of 1 coach on the ice for each ½ ice game
    - No maximums unless restricted by the arena total numbers
    - Physical Distancing coaches on the ice must follow proper protocols (see below)
  - U11/U13 – a minimum of 2 coaches on the ice for each game
    - No maximums unless restricted by the arena total numbers

  - 'Physical Distancing' Coach MUST:
    - Practice physical distancing and perform proper hand hygiene;
    - Keep a distance of 2 metres between all other officials while in the change room and during the transition from the change room to the ice
    - Wear a mask whenever dropping the puck and when talking with a player, team official or another official inside a distance of 2 metres
- Officiating
  - Coaches are expected to manage the game to keep it fun and safe for all participants
  - Coaches should discuss prior to the game a protocol for penalized players
    - For U11 and U13 coaches are encouraged to come up with unique ways of 'serving' a penalty (ex. penalty shot chase)
  - Associations will be responsible for handling any suspendable offenses. If coaches feel a suspendable offense requiring supplemental discipline occurs, they should consult with their associations to handle these rare circumstances

## Off-Ice Officials (Scorekeeper, Timekeeper, etc.)

Off-ice officials must always maintain two-metre physical distancing from all other participants. They are required to wear a mask while acting as a scorekeeper, timekeeper, or other off-ice official role.

## Benches and Dressing Rooms

All coaches are required to wear masks while in the dressing room and while on the player's bench.

## Attending to an injured player:

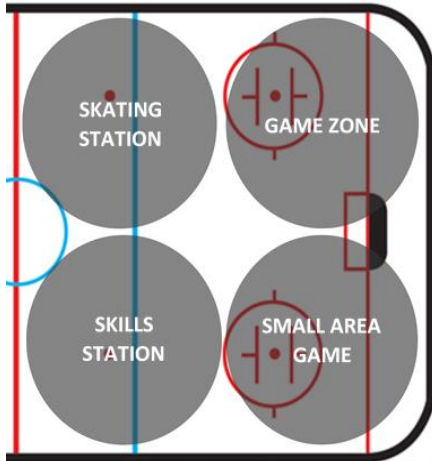

'Physical Distancing' coaches are required to wear a mask and perform proper hand hygiene if it becomes necessary to temporarily interact with cohorting participants at a distance of less than 2 metres.

# PRACTICE GUIDE

- Hockey Canada & Hockey Alberta recommend the following guidelines:
  - Minimum 2 teams on ice
  - Station based format is suggested, Associations may wish to alternate and run 1 practice mixed teams with stations, and the following practice keeping teams together
- Examples of how to split up the rink:

## Half-Ice 4 Zone Option

6 Zone Option

## Half-Ice 3 Zone Option

## Half-Ice 2 Zone Option

5 Zone Option

4 Zone Option

3 Zone Option

## PLAYER DEVELOPMENT

Coaches will follow Hockey Canada's skills and drills and will focus primarily on skating and puck handling drills. Practices must be skilled based and the development session should follow the Hockey Canada Skills Development Program Model:

- 75% Technical Skills
- 15% Individual Tactics
- 10% Team Tactics
- 0% Team Play
- 0% Strategy

According to Hockey Canada's Long Term Athlete Development Model (LTAD) U9 aged kids (males 6-9, females 6-8) fall under the fundamental age grouping. According to the LTAD "skill development in the fundamental stage should be well structured, positive and fun (LTAD 38)." The U9 Development League focuses on the fundamentals of the game of hockey. The U9DL follows the LTAD recommendation for teaching the fundamentals. The LTAD model suggests- "fundamental movements and skills should be introduced through fun and games. Fundamental sports should follow and include basic overall sports skills". The U9DL league follows Hockey Canada's Skills Development model that focuses on skill development rather than full ice games and team strategy.

Hockey is classified as a late specialization sport, which means that the complex skills of hockey need to be mastered after maturation. Over specialization in late specialization can lead to one sided sport training, lack of agility, balance and coordination, early burnout and early retirement. With the stipulations set forth for the NDL, the league puts strict stipulations on games to practice ratios, giving players more time to have fun and develop skills while still providing players with the opportunity to play other sports.

- One practice will give a player more skill development than 11 GAMES collectively.
- Each player should have a puck on his/her stick for 8-12 minutes in a 1 hour practice.
- Each player should have a minimum of 30 shots on goal in a 1 hour practice.

99% of the feedback coaches give players is when they have the puck. Ironically, players only have the puck on their stick 0.2% of the game. George Kingston did a study in 1976 and found that U9 Aged Players had the puck on their stick an average of 34.8 seconds during a 65 min straight time game.

**Hockey Calgary Statistic:** 1 in 84,615 kids who play Hockey in Calgary will make it to the NHL. Therefore, every 6 years one former Hockey Calgary participant will make it to the NHL.

The role of the parent is to provide **unconditional support** to their child. It is your responsibility to encourage your child in a respectful and supportive manner. Help optimize your child's growth and development by:

- Setting realistic expectations - children want to please their parents
- Set a good example - self manage your own behavior
- Providing open communication - communication is key to life and to sport
- Being your child's safety net
- Ensuring your child has the necessary and proper equipment
- Playing by the rules
- Ensuring your child has a balanced life (sports, academics, etc.)
- Always being positive
- Supporting your team and its members – there is no "I" in team

### Parents Code:

- I will not force my child to participate in hockey.
- I will remember that my child plays hockey for his or her enjoyment, not for mine.
- I will encourage my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will teach my child that doing one's best is as important as winning, so that my child will never feel defeated by the outcome of a game.
- I will make my child feel like a winner every time by offering praise for competing fairly and trying hard.
- I will never ridicule or yell at my child for making a mistake or losing a game.
- I will remember that children learn best by example. I will applaud good plays/ performances by both my child's team and their opponents.
- I will never question the officials' judgment or honesty in public.
- I will support all efforts to remove verbal and physical abuse from children's hockey games.
- I will respect and show appreciation for the volunteers who give their time to coach hockey for my child.

### Safe Environments

Create and support safe environments for your child. Watch out for and educate yourself and your child against:

- Abuse
- Bullying
- Harassment
- Neglect

### Sportsmanship

- Teach your child to play with grace, humility and sportsmanship. Teach your child it is not about winning.

### Respect in Sport - 24 Hour Rule
