TOURNAMENT SANCTIONS

Association Hosted Tournaments

Hockey Calgary will approve all Association hosted tournaments at the start of the 2022-23 season in advance of team tournament requests. These tournaments will be sanctioned beginning July 19.

In Town Tournament Requests (games within Hockey Calgary boundaries)

Hockey Calgary will approve a maximum number of tournaments within each Age Category and Tier during each weekend of the Preseason, Season Break, Winter Break and Post Season.

Rationale

This will ensure:

- The availability of qualified officials so tournament games can be played in a safe manner.
- Tournaments are not cancelled due to lack of teams or interest.
- Calgary's ice pool is utilized in an effective manner.

Guidelines

- Tournament Naming – the name of the tournament will be reviewed and approved. Please keep the naming convention age appropriate and respectful.
- Each Association may request a maximum of 5 tournaments per weekend, with no more than 2 within the top 3 tiers of the same age category. This includes both Association and Team requests.
- Hockey Calgary will manage approval of tournament requests to ensure the number of tournaments does not exceed the number in the table below.
- Tournament format must be a maximum of 4 teams and 8 games, excluding U7 (Timbits).
 - Exceptions may be made for tournaments with out of town teams attending where the total number of tournament games that weekend does not exceed the Central Region maximum.
- Hockey Calgary does not recommend U11 to U18 teams host in town tournaments during the City Championships (February 27 to March 22). Tournament Sanctions may be approved during this time with the understanding that in the event of a schedule conflict, the City Championship games will take priority.
- Tournament sanction requests will remain pending until the listed approval date.
 - If the number of requests is within the limitations detailed in the chart, requests will be approved within 24 hours of the approval date
 - If the number of requests exceeds the limitations a random draw will be made from all requests and those drawn will be approved within 24 hours of the approval date

In Town Tournaments During Regular Season

- Tournament format must be a maximum of 4 teams and 8 games
 - Exception will be to U7 (Timbits) tournament requests
- Each Association may request a maximum of 1 tournament per weekend
- Ice must be supplied by the Association Scheduler from their usual private contracts
- Association must ensure they provide the minimum ice requirement for scheduling their regular season games. This includes U7 (Timbits) tournament requests.
- Teams hosting or attending are required to use their **1 Schedule Window**. If a team does not use their Schedule Window, Regular Season games must be played as scheduled in the event of a conflict. No exceptions will be made, and no league games will be rescheduled to accommodate tournament games.

Out of Town Tournament Requests (games outside Hockey Calgary boundaries)

Hockey Calgary will consider tournament requests for out of town tournaments during the Preseason, Season Break, Winter Break, Regular Season and Post Season only.

Guidelines

- Each team may **'HOST'** a maximum of 1 out of town tournament
- Tournaments are limited to a maximum of 4 Calgary teams
- To minimize financial exposure, Hockey Calgary recommends:
 - Host teams do not sign ice contracts until their tournament sanction has been approved
 - Ensure local ranked and certified officials are available through the Referee in Chief or their designate from the Local Minor Hockey Association in the jurisdiction where the games are being played before requesting their tournament sanction
- Tournament sanction requests will be approved within 5 business days of submission
- The rationale behind placing a maximum limit on the number of out of town tournaments teams can host or attend is to minimize the cost for families and to ensure that participating in community hockey can be attained
- Teams hosting or attending are required to use their **1 Schedule Window** if scheduled within the Regular Season. If a team does not use their Schedule Window, Regular Season games must be played as scheduled in the event of a conflict. No exceptions will be made, and no league games will be rescheduled to accommodate tournament games.
