

## Parent and Participation Guide

### Why?

Hockey Alberta requires all members (Hockey Calgary and its member associations) to track all participants and their interactions, maintaining records in a secure location for 14 days from completion of activity. This is to be done as part of a daily check-in procedure for participants.

In the unfortunate event that a participant contracts the COVID-19, Alberta Health will require detailed information on timing and interactions of the participant. If the information is well organized and easy to access, it will be easier for AHS to keep everyone safe and stop any potential spread, all while keeping our programs running across the city. It is paramount that we have an effective tool for contact tracing. Together we must take this seriously for the safety and well-being of our participants and our program.

**NOTE:** We need to have detailed attendance records for all Hockey Calgary activities. Our contact tracing is only a mechanism to collect attendance records. This is **NOT** a GPS tracing app like the ABTraceTogether app used by the government of Alberta to track your physical whereabouts.

### Sick?

**PLAYERS AND COACHES ARE NOT PERMITTED TO ATTEND TEAM ACTIVITIES IF THEY ARE SICK.**

Anyone who is sick or has been in contact with someone who has COVID-19 is not permitted to attend practices or games. Familiarize yourself with the symptoms of COVID-19 and follow AHS and Government guidelines if you are not feeling well.

[Symptoms](#)

[Isolation Requirements](#)

Members who deliberately choose not to comply with the necessary safety precautions put every participant at risk of the virus as well as risk a program shutdown.

### Getting Started

1. Accessing TeamSnap – All parents or players will need to have access to TeamSnap via their smart phone.
  - a. Phone App – Instructions on downloading the TeamSnap App - <https://www.teamsnap.com/mobile>
2. Joining your team (cohort) on TeamSnap
  - a. Your Association will add you to your team (cohort) on TeamSnap. You should receive a notification when you open the app informing you that you have been added.

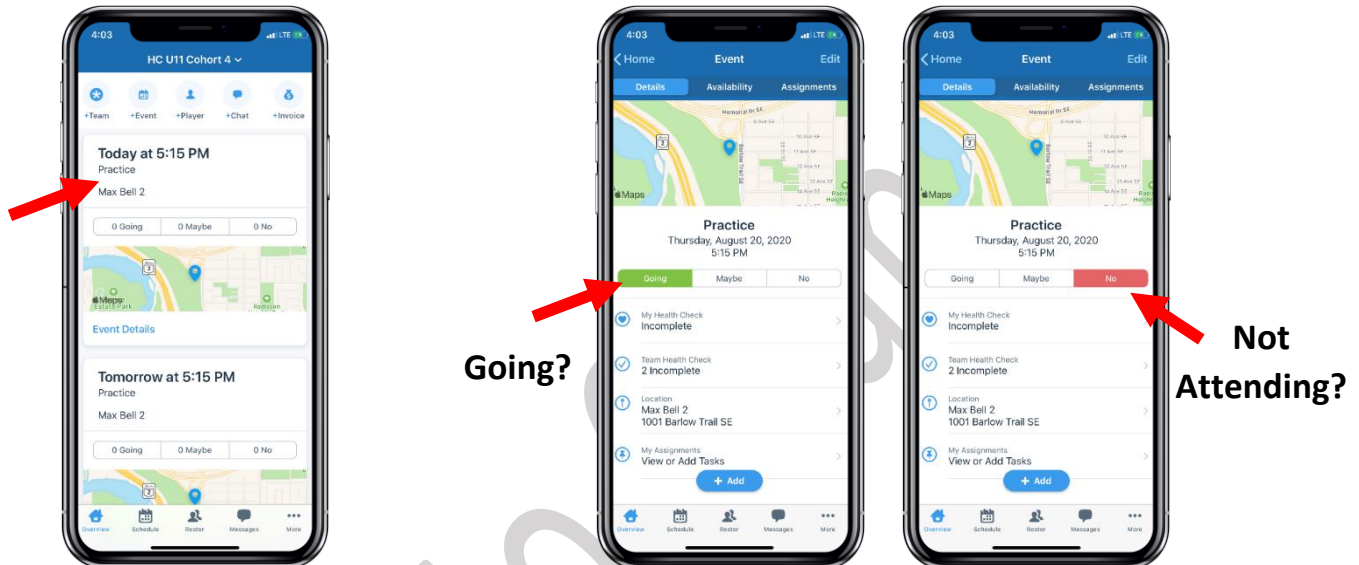

**NOTE: Check to see if your TeamSnap app is updated.**

## Contact Tracing

Please follow the steps below to complete the contact tracing requirements per Hockey Alberta and AHS.

### Step 1: Select the Scheduled Event

### Step 2: Update Availability

## Symptom Screening

### [Alberta Health Daily Checklist](#)

All participants are required to go through the above daily checklist on their own to ensure they are fit to participate in a scheduled activity. Proof of completion is not required. If a participant answers YES to any of the questions, they are not to attend, and must complete all AHS and Government of Alberta Isolation Requirements prior to returning to hockey. Please visit the Government website for more detailed information on [Isolation Requirements](#)

## Monitoring:

- Coaches and Managers, in conjunction with Associations, will monitor availability results on a daily basis for contact tracing purposes.
- If a participant does not fill out their availability, they will be assumed to have been in attendance in the event AHS requests contact tracing information
