Frequently Asked Questions

Q. When are the ice times?
    A. Ice times will generally start between 8:00AM and 3:30 PM. U9 Ice times will be in the morning and U11/U13 ice times in the afternoon. Specific times will change from week to week.

Q. Will my child be at the same ice time each session 'day'?
    A. No. In order to provide some variety in opponent for the games, teams will be assigned a different, but similar ice time each session 'day'.

Q. Are there friend/sibling requests?
    A. Yes. However, we cannot guarantee all friend requests. Sibling requests will take priority.

Q. I have two (or more) children, but some are in the U9 age category, and some are in the U11/U13 age category. Is there any chance they can be placed on the same team?
    A. When filling out registration, please indicate in the comments section your request. We will try to accommodate, however, because there are more spots available in the U9 program, we will likely move older siblings down to the U9 category.

Q. My child is born in 2019, which age category do they sign up for?
    A. U9

Q. We cannot make all the sessions, is that okay?
    A. Yes. We would hope that you can attend most of the sessions, but it's okay if you have to miss the odd session here or there.

Q. Is there a wait list
    A. Yes. Once registration fills up, we will offer a wait list to interested participants. There are less spots available for the U11/U13 group. If this one fills up first, we will go to the waitlist and offer spots for those players to participate with the U9 group. It will be structured a bit differently, but it will still be an appropriate transition program.

Q. How formal is the program?

A. The program is designed to help bridge try hockey programs and full-time minor hockey. The formality of the game play is somewhere in the middle. The goal is to give the players the tools they need to experience fun, development and success. Gameplay will be very educational and will be relaxed.
