

Accessing the Hockey Canada Concussion App

The following links direct you to the Hockey Canada Concussion App available for most Apple iOS (iPod, iPhone etc.), Blackberry and Android Devices

This app has been created by Hockey Canada and is designed to provide coaches and athletes with important information about identifying concussions, dealing with concussion, and Return to Play.

This App is an invaluable resource for everyone associated with hockey.

These apps are available through the iTunes, The Google Play Store, and the Blackberry App World. You may also access the app to download it to your computer via the links on this page.
